BAPTISTS WILL GIVE CHRISTMAS ORATORIO SUNDAY EVENING.

Professor Drake has Charge and Local Talent Will Participate.--A Cordial Invitation Extended to All.

Much time and effort has been spent in preparation for the entertainment to be given on Sunday, December 23, by the Bethany Baptist church choir and those who are rendering assistance in carrying out the program. The affair will be given at the Monessen opera house, and the public in general and more especially those interested in good music should turn out and listen to the most excellent program, which will be given.

Prof. Drake is the director and excellent local talent is participating. Aside from a large orchestra there will be solos, quartettes, choruses and special orchestra selections, all of which will tend to please the most skeptical of music lovers.

The program will start promptly at 7:45. Admission free and everybody is cordially invited to attend.

Special Services.

There will be special Christmas services at the Presbyterian church next Sunday. Choir Manager Williams is making arrangements to provide an excellent musical program. A double quartette will be present at the services. Rev. McDonald, the regular pastor will occupy the pulpit. A general invitation is extended to all to be present.

P. R. R. EMPLOYES GET INCREASE IN WAGES.

Employes of the Pennsylvania Railroad company are discussing with much satisfaction a pretty well credited rumor to the effect that on January 1 all employes now receiving less than $100 per month are to receive a five per cent increase in their wages. This rumor comes from the same quarter which some time ago hit off in advance the 10 per cent advance in wages of all employes of the big railroad receiving less than $200 per month, which became effective December 1, and it is pretty generally believed.

Previous to the 10 per cent advance on December first, the road raised the salaries of the higher officials. The men in the ranks believe the five per cent for less than one hundred dollars wages is an attempt to even things up.

Presbytery Meeting.

At the winter session of the Westmoreland presbytery of the United Presbyterian church was held at Irwin yesterday. 60 delegates were present. The Rev C. H. Marshall of the Buena Vista and Boston churches tendered his resignation on account of illness. The Rev. J E. Walker of McKeesport resigned as moderator and the Rev J. G. Houston of the same town was elected. The former will go to the Sixth church, Pittsburg, as Sabbath school pastor.

The presbytery renewed its contribution of $5,000 for a church at Monessen, the sum to come from the board of church extensions.

Farmers are Frightened

A new terror has seized the farmers of Franklin township. Murder has been attempted, and it is believed the would-be assassins are members of a gang that has caused the destruction of three of the best barns of the township by fire As Rural Mail Carrier Albert Rose was returning to his home near Murraysville last night, he was shot from ambush.

James Borland, a farmer, was assaulted in his barn, being hit on the head. He was unconscious for several hours and he is in a critical condition. The farmers have organized a vigilance committee and have appealed to Troop A of the state police force for protection.

NEWSBOYS CONTEST. CLOSES TONIGHT.

Names of Those Who Won the Prizes Will Appear in Tomorrow's Paper.

With this evening's issue of the Independent the newsboys prize contest which has been so successfully conducted for the past three months comes to a close Tomorrow evening's issue will tell the winners, of the five prizes. This contest has been an experience that the "newsies" could not have obtained in any other way. It has taught them a great lesson and has afforded them an opportunity to obtain a knowledge of how to build up a business, that may be of great benefit to them in after years when they encounter the sharp edges of the rough old world.

We have not one boy on our staff who has not greatly increased his number of subscribers during the progress of the contest, some of them have nearly doubled and while soliciting for this additional business every boy has attained some development in a business way. After the work is done comes the reward and tomorrow evening the prizes will be distributed, which will help make the little hearts glad.

NEGRO WAS NOT IDENTIFIED.

Chief Woolsey and Thomas Hutchinson Returned Without Prisoner.

Chief of Police Woolsey and Thomas Hutchinson returned this afternoon from Morgantown, where they went yesterday, for the purpose of identifying a negro in jail at that place, who was suspected of being the murderer of Annie Hertrick.

Mr. Hutchinson said the negro was not the person seen in the vicinity of the Manown farm, the day the crime was committed, and consequently the prisoner was left with the sheriff at Morgantown. However, the trip up the river was not entirely unfruitful, for Chief Woolsey brought home with him one George Bowe, colored, charged by Ethell Chandler with fornication. Bowe was captured at Fairchance, and was brought to Monessen and lodged in jail, to await a hearing before Squire Watkins this evening.

DUDAS HOME PARTIALLY DESTROYED BY FIRE.

Flames Discovered in Upper Room this Morning about 9 O'clock.--Mrs. Dudas Painfully Burned.

Mrs. Andy Dudas, of 369 Schoonmaker avenue, was painfully burned about the head and face this morning by a fire which partially destroyed her home. When the alarm was first sounded the volunteer fire department responded quickly, but considerable difficulty was experienced with the fire plugs which were found to be frozen. The blaze gained considerable headway while the plugs were being thawed out. One room and almost the entire contents was destroyed. The loss is estimated at over $300.

On the ground floor of the building Mr. Dudas conducts a shoe store, the flats over head being occupied by the family. This morning about 9 o'clock Mrs. Dudas was alarmed by the smell of smoke issuing from upstairs. She hurried upstairs to investigate, and upon opening a door leading into a back room, she was struck by a sheet of flames. Her head and face was severely burned before she could escape. She ran screaming downstairs and the alarm was at once sounded.

The fire started in a clothes press and the firemen were at a decided disadvantage owing to the dense cloud of smoke, which issued from the burning woolens, and other inflamable material. They stuck to their post however, and soon had the fire under control. The origin of the fire is an absolute mystery.

With the advent of the snow with its slush and kindred accompaniments comes the wail from residents of the hill districts for board walks, ash walks, any kind of walks that will remove the necessity of their wading in mud and and water ankle deep, in order to reach the downtown sections. Not long ago it was decided by council to have an ordinance, which requires the laying of boardwalks along unimproved streets, enforced, but it seems the decision has borne little fruit. Some of the property owners refuse to lay sidewalks until a permanent grade is established, some live out of town and care little whether the sidewalks are laid or not.

Meanwhile the residents of these districts, mail carriers, delivery men and traveling public in general, are forced to continue wading through these veritable morter beds. When the conditions grow worse as they are sure to do, it would not be surprising to see the free delivery of mail discontinued along many of the worst places on the routes, as some of them are rapidly getting impassible. Whether at the expense of the borough or property owners, ashwalks should certainly be provided, and at once.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr Shoop in the creation of that now very popular Stomach Remedy—Dr Shoop's Restorative Going direct to the stomach nerves, alone brought that success and favor to Dr Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had

For stomach distress, bloating, biliousness bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

HAPPY WOMEN.

Wouldn't any woman be happy,
After years of backache suffering,
Days of misery, nights of unrest,
The distress of urinary troubles,
To find relief and cure?
No reason why any reader
Should suffer in the face of evidence like this:

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I was doctoring for kidney and liver trouble, but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 100 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States Address Foster Milburn Co., Buffalo, N. Y. For sale by all druggists; price, 50 cents per box.

Java's Population.

Java is very thickly populated, and cultivation is pushed to an extraordinary distance up the steep slopes of the hills. The plain of Leles in the month of July "is one sea of ripe golden rice, with here and there a village of brown thatch roofs nestling in a group of green cocoanut trees." In the middle of the island white chimneys of sugar mills peep above miles and miles of sugarcane fields.

Fire and Water.

Why does water put out fire? Water reduces the temperature of the flame below the point of ignition; therefore it cannot burn. Water does not smother the flames even when the burning brand is completely immersed in a tank of water, because the first contact puts out the fire—that is, reduces the temperature of the flame below the point of ignition.

Considerate.

Mrs. Dove—Henry, I think you are positively cruel. Here I've tried so hard to cook you a nice dinner and you haven't had a word to say to me about it. Mr. Dove—Darling, I love you too much for that. If I said what I thought, you'd never speak to me again.

A Welsh Rip.

Every nation has a Rip Van Winkle of its own, but the Welsh story of Rip is unique. He is known as Taffy ap Sion. One morning Taffy heard a bird singing on a tree close by his path. Allured by the melody, he sat down until the music ceased. When he arose, what was his surprise at observing that the tree under which he had taken a seat had now become dead and withered! In the doorway of his home, which, to his amazement, had also suddenly grown older, he asked of a strange old man for his parents, whom he had left there, as he said, a few minutes before. Upon learning his name the old man said: "Alas, Taffy, I have often heard my grandfather, your father, speak of you, and it was said you were under the power of the fairies and would not be released until the last sap of that sycamore had dried up. Embrace me, my dear uncle—for you are my uncle—embrace your nephew." Welshmen do not always perceive the humor of this somewhat novel situation of a youth - for Taffy was still merely a boy—being hailed as uncle by a gentleman perhaps forty years his senior.

Fun For Him.

Askum—Who was that man who stopped to talk to you? Dubley—That's my old barber. Askum—Does he usually stop you on the street Dubley—No, but he knows I'm shaving myself now and he just wanted to look at my face and gloat over me.—Atlanta Constitution.

A Dilemma.

"Then, Maurizio, tomorrow I will come with my wife to see you both."

"Delighted! But look here. Tell your wife not to wear her new diamond earrings or my wife will at once want a pair."

"Oh, the mischief! And my wife was only coming for the purpose of showing them off."—Il Diavolo Rosa.

It Couldn't Be.

Dean Farrar quotes Tennyson as having related to him the remark of a farmer who, after hearing a fire and brimstone sermon from an old style preacher, consoled his wife by saying: "Never mind, Sally, that must be wrong. No constitooshun couldn't stand it."

Note the Difference

This kind shines itself and is the only preparation suitable for Gas Ranges. It Kills Rust on Stove Pipe, Wire Screens, Stoves or any iron work. It will not wash off, and wears months. Price, 25c.

This is a liquid stove polish that shines easier, wears longer and costs less than any other. Keeps forever always ready for use Big can, 9c.

Ask your dealer for either kind.

If your dealer hasn't it Monessen Hardware Co. has.

Berlin's Economy Flats.

In a good part of Berlin—that is, in one of the most desirable locations—one can get a flat for anything from $20 to $59 a month that could not be had in New York for less than $150 if it could be found at all. I have such an apartment in mind, and it is only one among thousands in Berlin. It is on the third floor, and German flathouses are seldom more than four or six stories high. It does not lie in a straight, unbeautiful line along a narrow, dark hallway, but is built around a big square entrance that might be used for a reception room if it were needed. The rooms are enormous and each has outside windows. The bathroom is as large as an ordinary "inside" bedroom, as we know bedrooms, and it is fitted up with every modern luxury conceivable, including a splendid shower. The kitchen is too nice to be true, says a writer in Leslie's Weekly. It is lined halfway up with beautiful blue and white tiles. It has a white tile floor, and its gas range is made of blue and white tile to match the walls. It has a blue and white tile refrigerator built in the wall, and there are rows of white porcelain jars upon white tile shelves to keep things in. It would be absolutely impossible for such a kitchen to be dirty.

Evolution of the Sword.

During the first twelve centuries of the Christian era the sword varied little in the essential features from the lines of the broadsword. The blade was lengthened, it is true, and less curved, but the crosspieces of the hilt were usually straight, and the simple, workmanlike look was preserved. The change to the elaborate hilts of several centuries later was made gradually. There were slight changes in the crosspieces from time to time—the stiff straight lines little by little began to curve gently toward the blade. The knob at the end of the handle, usually a simple disk or ball of metal was varied into a trefoil, a fluting or a small Maltese cross. Blades and scabbards were engraved with inscriptions, a practice which had indeed been found in Danish barrows bearing unmistakable Runic characters cut in the bronze blades. The cross hilted sword the crusaders carried on their pious errand to the Holy Land not infrequently displayed the sacred monogram either carved or inlaid.

Remarkable Showing of Christmas Novelties Appropriate for Gift Purposes.

A line which for its completeness will both please and surprise you. It embraces innumerable pretty articles which will make suitable and acceptable presents. Our prices will make your dollar do almost double duty.

In our Millinery Department every hat has been subjected to a sweeping holiday reduction.

Special display of Doll hats.

On Wednesday we will have ready for your inspection a pretty display of Doll hats which are sure to delight the hearts of the little ones.
